ABOUT THE BOOK.

This new book is written in response to the current state of the church by a parent and practising Catholic who was ordained in 1970 and married in 1977.

He is a member of the Catholic Reform Group, 'We are Church Ireland' (WAC Ireland) and volunteers in the local parish of St. Attracta's, Meadowbrook, Dundrum.

This book shares the story of his faith journey. On the night the author will speak about his invitation to readers, to become actively involved in church affairs at local level, speaking out on church issues, attendance at parish assemblies and diocesan synods, hopefully, leading eventually to the calling of Vatican III.
